

# Cildo Meireles

## *Camelô*

September 28 — October 24 1998  
Exposição no 1º piso

### Press Release

Exhibition based on the everyday life of street-vendors that can be found in the cities, and who survive by selling all kinds of things. “Camelô”, is a childhood memory of the artist. No one among all, and at the same time, one of its kind. A man who sells pins, one who sells toys. An unconceivable logic of values and of humble minimalism.
